PROFILE

A dedicated and passionate Web Developer with a strong focus on UI/UX design and front-end development using React. I am enthusiastic about creating visually engaging, user-centered web applications that combine design with functionality. My journey began with a love for design, driving me to pursue React as a primary tool to build interactive and responsive interfaces. As I continue to expand my technical skill set in MongoDB, Express.js, and Node.js, I aim to become a proficient full-stack developer capable of delivering complete end-to-end solutions.

EXPERIENCE

Brain O Vision Solutions Intern 🔗   *08/2024 – 11/2024*
                                                               Hyderabad, Telangana, India

Role*: Full Stack Developer (MERN Stack) (Ongoing Internship)*

- Developing full-stack web applications using MongoDB, Express.js, React, and Node.js.
- Assisting in building RESTful APIs and collaborating with teams on new features.
- Gained hands-on experience in version control with Git and explored deployment strategies.

EDUCATION

Bachelor of Technology in Computer Science Engineering   *12/2021 – 05/2025*
GMR Institute of Technology 🔗   *Rajam, Andhra Pradesh, India*

Intermediate (MPC - Mathematics, Physics, Chemistry)   *07/2019 – 05/2021*
Sri Chaitanya Junior College 🔗   *Visakhapatnam, Andhra Pradesh, India*

Brain O Vision (Internship)

SKILLS

- C LANGUAGE
- PYTHON
- CORE JAVA
- HTML

- CSS
- JAVASCRIPT
- REACT JS
- EXPRESS JS

- NODE JS
- MONGO DB
- PHOTOSHOP
- PREMIERE PRO

PUBLICATION

International Journal of Research Publication and Reviews
Predicting Traffic Using Machine Learning and IoT. ✏

PROJECTS

<u>**Full-stack development**</u>

Basic Chat Application
- **Description:** Developed a basic real-time chat app with user authentication and message timestamps.
- **Technologies Used:** MongoDB, Express.js, React, Node.js (MERN Stack)

Movie System
- **Description:** Developed a high-quality, full-stack web application for streaming movies for free.
- **Technologies Used:** HTML, CSS, JavaScript, WAMP Server (PHP, MYSQL)

<u>**Front-end development**</u>

DURGA PRASAD PORTFOLIO
- **Description:** Personal portfolio to showcase projects and technical skills, emphasizing front-end development
- **Technologies Used:** REACT JS, CSS

Temperature Converter
- **Description:** Various small projects to enhance design and functionality.
- **Technologies Used:** REACT JS, CSS

Currency Converter
- **Description:** Various small projects to enhance design and functionality.
- **Technologies Used:** REACT JS, CSS

To-Do List
- **Description:** Various small projects to enhance design and functionality.
- **Technologies Used:** REACT JS, CSS

Spotify Home Page
- **Description:** This page looks quite refreshable and gives the flow to love.
- **Technologies Used:** REACT JS, CSS

Weather API Application
- **Description:** React weather app using real-time API data, responsive design.
- **Technologies Used:** REACT JS, CSS
  .

INTERESTS

Singing
Enjoy listening to music and singing along for relaxation.

Traveling
I admire the things that nature provides. It is a place where I can learn about various cultures, interact with people, and feel refreshed.
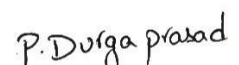

Brain Games
Enjoy playing chess, sudoku, and staying active with sports like basketball.

DECLARATION

I hereby declare that the information furnished above is true to the best of my knowledge.
